| The results displayed on this certificate are obtained by sampling the batch referred hereby and testing this sample as per industry standard methods or ISTA methods of sampling and testing. Those results confirmed that at the date of sampling, the germination rate of tested seeds conforms to minimum legal requirements. These results cannot be considered as a formal commitment regarding seeds emergence in field conditions. |                                             |                                                                                                                                                                      |                                                                  |            |
